MESSAGE: RECTOR AND VICE-CHANCELLOR PROFESSOR FRANCIS PETERSEN

At the University of the Free State (UFS), we inspire excellence and transform lives. This is what we stand for, and what we believe in.

My vision is... to cultivate a university that embraces diversity, inclusivity, and academic excellence. I want you to feel welcome and safe when you enter our learning and living space – a place where you can realise your social and academic dreams. We offer you an experience that provides a balanced foundation for whatever the future demands, ranging from academics, to sport, art, cultural activities, and a range of student associations to choose from.

We have grown... into a recognised university since 1904, with scholars who influence local and global growth. Our alumni excel in business, sports, arts, culture, and in many other areas. You too, can develop and expand your potential within our seven faculties, covering the entire range from undergraduate degrees and diplomas, to doctoral and postdoctoral degrees.

Meet and learn... from some of the finest academic intellectuals, while improving your skills with the help of our Centre for Teaching and Learning – including tutorials and academic writing services. Many other services offered by our Student Affairs, such as student leadership development programmes, career services, student health and wellness programmes, and student counselling, will make your time with us memorable.

Our scholars... thrive with our support. Our number of researchers with ratings from the National Research Foundation (NRF) almost doubled in the past few years, and our Vice-Chancellor's Prestige Scholars Programme (PSP) helps selected scholars on their pathway to professorship – you can become one of them.

First-year students... are welcomed through our Gateway First-Year Orientation Programme. We will help you find your way around campus, make sure you are registered, refer you to academic advising, career counselling, and other support services on campus.

Come and enjoy... a supportive, caring, enjoyable, and intellectually invigorating environment where academic excellence and human embrace are at the core of what we do. We have great goals and aspirations for your success as a future graduate, trailblazer, and leader in the world.

PROF FRANCIS PETERSEN
RECTOR AND VICE-CHANCELLOR,
UNIVERSITY OF THE FREE STATE

PICK A BRIGHT
FUTURE WITH US.

BOODSKAP: REKTOR EN VISEKANSELIER PROFESSOR FRANCIS PETERSEN

By die Universiteit van die Vrystaat (UV) inspireer ons uitnemendheid en verander ons lewens. Dit is wat ons voorstaan en waarin ons glo.

My visie is... om 'n universiteit te bou wat diversiteit, inklusiwiteit en akademiese uitnemendheid aangryp. Ek wil hê dat jy welkom en veilig sal voel wanneer jy ons leer- en leefruimte betree – 'n plek waar jy jou sosiale en akademiese drome kan verwesenlik. Ons bied aan jou 'n ervaring wat 'n gebalanseerde grondslag verskaf vir wat die toekoms ook al van jou vereis – van akademie tot sport, kuns, kultuurbedrywighede en 'n verskeidenheid studenteverenigings om van te kies.

Ons het gegroei... tot 'n erkende universiteit sedert 1904, met navorsers wat plaaslike en internasionale groei beïnvloed. Ons alumni blink uit in die sakewêreld, sport, die kunste, kultuur en op baie ander gebiede. Jy kan ook groei en jou potensiaal ontwikkel binne ons sewe fakulteite wat die hele spektrum dek – van voorgraadse kwalifikasies en diplomas tot nagraadse kwalifikasies.

Ontmoet en leer... van sommige van die beste akademiese intellektuele, terwyl jy jou vaardighede met behulp van ons Sentrum vir Onderrig en Leer verbeter – wat studiekele en akademiese skryfdienste insluit. Talle ander dienste wat deur ons Studentesake aangebied word, byvoorbeeld studenteierskap-ontwikkelingsprogramme, loopbaandienste, studentegesondheid- en welstand-programme, asook studentevoorligting, sal jou tyd saam met ons onvergeetlik maak.

Ons navorsers... floreer met ons ondersteuning. Ons navorsers met graderings van die Nasionale Navorsingstigting (NNS) het oor die afgelope paar jaar bykans verdubbel, en ons Visekanselier se Prestige-program vir Jong Navorsers (PSP) help uitgesoekte navorsers op hulle pad na professorskop – jy kan een van hulle word.

Eerstejaarstudente... word verwelkom deur ons Gateway-oriënteringsprogram vir Eerstejaars. Ons sal jou help om jou weg op die kampus te vind, seker te maak dat jy geregistreer is, en jou na akademiese advisering, beroepsvoorligting en ander steundienste op die kampus verwys.

Kom geniet... 'n ondersteunende, vriendelike, aangename en intellektueel verfrissende omgewing waar akademiese uitnemendheid en die aanvaarding van mense die kern vorm van wat ons doen. Ons het uitnemende doelwitte en oogmerke vir jou sukses as 'n toekomstige gegradueerde, baanbreker en leier in die wêreld.

Kies 'n blink toekoms saam met ons.

THE HEART OF THE FREE STATE BLOEMFONTEIN

FREE STATE

USEFUL TIP

Scan the different QR codes to read more about each faculty!

The University of the Free State is situated in Bloemfontein – the centre of South Africa. Bloemfontein is part of the Mangaung Metropolitan Municipality, Free State, and serves as the capital of the province, as well as the Judicial Capital of South Africa.

This beautiful city is also known as the ‘City of Roses’, due to the many roses that bloom all around the city during summer. However, Bloemfontein’s true beauty lies in its people. Residents are known to be exceptionally generous and friendly. Considering the city’s affordability, you can hardly imagine a more ideal study destination! You will be welcomed in a lovely setting, without spending a fortune on living and recreation.

Bloemfontein is big enough to provide you with all the services you need, but also small enough to maintain a peaceful study atmosphere, with much of the natural, architectural, and historical legacy of central South Africa interwoven into this modern, developing city. The UFS is very fortunate to call Bloemfontein our home.

This lively city, with the heart, caring character, and tranquillity of a big town, is the economic, educational, and medical-care hub for a vast inland area of South Africa. We trust that our city, with its fascinating mix of diversity and tradition, will charm you as a student of the University of the Free State. We look forward to welcoming you!

BLOEMFONTEIN CAMPUS

Visit our Bloemfontein Campus:
205 Nelson Mandela Drive | Park West | Bloemfontein | www.ufs.ac.za | T: +27 51 401 9111

The Bloemfontein Campus dates back to 1904, making our university one of the oldest higher-education institutions in the country. The Main Building, and other buildings of historic and architectural importance, portrays the calm though vibrant atmosphere appropriate to an academic institution of more than 114 years old.

It is a vast campus where staff and students are encouraged to walk while enjoying the beautiful buildings, parks, lawns, artwork, and other facilities. Every effort has been made to make the campus user- and experience-friendly, including braille-guided areas for blind students, and additional ramps and elevators for students with disabilities.

When on the campus, stop and rest under one of the shady trees. You will find that many of the benches represent artwork by **Azwifarwi Ragimana**, a famous South African artist. Walk through the Thakaneng Bridge and the Student Centre where you will find a range of takeaway shops, KvsieFM – the campus radio station, stationery and bookshops. The swanky KvsieGear shop offers visitors and students exciting Kvsie merchandise.

Our Bloemfontein, South, and Qwaqwa Campuses are immaculately maintained and provide a safe and secure environment for the more than 41 000 students who study here. Through an active programme of sports, cultural, and social events, our students are also given the opportunity to develop into competent and compassionate future leaders.

Student accommodation is very popular, and our residences are within walking distance of all facilities. Our Bloemfontein Campus is regarded as one of the most integrated campuses in South Africa, with a very diverse group of students.

The campus is situated in one of the main roads passing through Bloemfontein, Nelson Mandela Drive, and is within walking distance of shopping centres, schools, and other places of interest.

QWAQWA CAMPUS

Visit our Qwaqwa Campus:
Kestell Road | Phuthaditjhaba | www.ufs.ac.za | T: +27 58 718 5000
Situated in the scenic sandstone mountains of Phuthaditjhaba in the Eastern Free State, our Qwaqwa Campus attracts students from across the continent, with the majority from the Eastern Free State and western KwaZulu-Natal.

This campus offers programmes in the Faculties of the Humanities, Education, Economic and Management Sciences, as well as Natural and Agricultural Sciences, with postgraduate teaching in various centres of excellence. Our main consideration is that the learning programmes, research, academic interventions, and community service-learning opportunities are socially and educationally responsive to the region. The on-campus research hubs produce valuable knowledge, much of which has a local focus.

With the influx of postgraduate students from around the globe, the Qwaqwa Campus is probably the fastest-growing rural campus in South Africa. To address the recent growth spurt, existing buildings were renovated, the infrastructure updated, and new buildings added. The huge investment in infrastructure makes it one of the best-equipped rural campuses, with a spacious layout, modern lecture theatres, and comfortable residences.

Various male, female, and day residences accommodate students' living, learning, and social needs, with floodlit stadia, athletic tracks, and netball and basketball courts catering for sports talent and aspirations.

SOUTH CAMPUS:

Visit our South Campus:
Church Street | Bloemfontein | www.ufs.ac.za | T: +27 51 401 9111

Nestled in the hills overlooking the vibrant city of Bloemfontein, lies the South Campus of the University of the Free State (UFS). The facilities can accommodate up to 4 000 students and include lecture rooms, an auditorium, a library, residence accommodation and an impressive administration building.

Originally established in the 1980s as a satellite campus for Vista University, it was incorporated into the UFS in 2004. Ever since its incorporation, the UFS tailored the South Campus to play a significant role in the economy of the region, the enhancement of its people, as well as being the hub for distance-learning programmes offered by the institution.

One of the main roles of the campus is to draw new students from lower levels of education who would previously not have been able to obtain higher education. The South Campus offers programmes for students to gain access to Further Education and Training (FET) and Higher Education (HE) levels. These programmes enable learners to ultimately enter the mainstream curriculum after completing preparation courses. By offering this opportunity, the UFS ensures that students get to develop to their full potential and realise their dreams.

In addition, the South Campus also serves as the pivotal centre to more than 6 000 long-distance learners. These students are not able to study on campus due to a variety of factors, such as their geographical location, financial constraints, or having to complete their degrees on a part-time basis because of job commitments. The influx of long-distance learners accounts for the South Campus being the fastest growing of the UFS campuses.

On-campus students receive intensive small-group instruction, which has been proven to be a highly successful method of tuition. Distance education is accomplished through online technology and broadcasting mediums.

WHY IS THE UFS YOUR BEST CHOICE?

WHY IS THE UNIVERSITY OF THE FREE STATE YOUR BEST CHOICE, YOU MAY THINK? HERE ARE JUST A FEW REASONS:

- Application to study at the UFS is **FREE!**
- Not only will you receive excellent **THEORETICAL AND PRACTICAL ACADEMIC TRAINING AT A VERY AFFORDABLE PRICE**, but you can expect to study at a medium-sized university where **ACADEMIC STANDARDS STILL MATTER**.
- At the UFS we **ACTIVELY EMBRACE** transformation, diversity, and inclusivity. **PEOPLE ARE THE HEARTBEAT** of the institution; therefore, social justice and human-rights projects will always be a priority.
- The UFS is **LOCATED IN CENTRAL** South Africa and therefore easily accessible from anywhere in the country.
- Faculties and buildings are not scattered across town. All academic and social activities are confined to **ONE CAMPUS SPACE**.
- Our teaching and social environments create a space where everyone feel a **SENSE OF BELONGING**, whether it is on our Bloemfontein Campus, our South Campus in the southern parts of Bloemfontein, or our Qwaqwa Campus in the picturesque Phuthaditjhaba. The three campuses offer different spaces where you can fit in with ease. It is a **VIBRANT, SAFE, AND RELAXED** environment.
- A culture of **CARE, KINDNESS, RESPECT, AND CHARACTER** is what you can expect.

ONLY A KOVSIE KNOWS THE FEELING

KOVSIELIFE

The Student Representative Council (SRC) advocates for the success and well-being of our students. We strongly believe in a socially-just society, and education is one of the keys to reaching social justice and creating opportunities for all. A degree is not just a piece of paper but it is a beacon of hope to all who persevere and work hard.

The UFS believes in inspiring excellence and transforming lives, meaning you will never leave the university the same person as you were when you entered. Here we celebrate inclusivity, and go the extra mile to make sure that everybody feels at home. We also believe in maintaining a healthy balance between our studies and the social life on campus. Therefore you are encouraged to explore the different student associations, and be sure not to miss the various academic, sport, arts and culture and political engagements on offer at our campuses. You will not be disappointed!

Your time at the UFS will be some of the best years of your life. In the words of Malcom X, I welcome you to the Kovesie family: "Education is the passport to the future, for tomorrow belongs to those that prepare for it today."

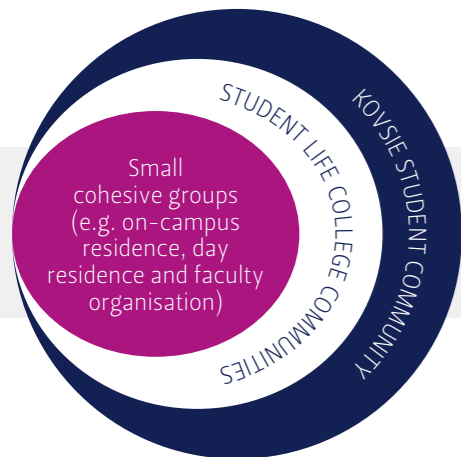

Sonwabile Dwabe: SRC President: Bloemfontein Campus

STUDENT COMMUNITIES

When you become a Kovesie, we want you to feel that you belong to a circle of friends – people who support and inspire you to reach your full potential. This sense of belonging is facilitated through student communities. UFS student communities are created through small pockets or groups that build towards larger communities.

We encourage you to become a member of these cohesive groups through on-campus residences, day residences, student associations, and/or faculty organisations. Together, these groups form the strong building blocks of larger communities called Student Life Colleges.

Student Life Colleges are created by clustering on-campus residences and day residences, who then work together with student associations and faculty organisations. The college communities form the social spaces where you can engage in all student life programmes; e.g. culture events, sports events, community service events, etc.

Creating a sense of belonging for individual students through student communities

STUDENT LIFE COLLEGES (SLC)

The following SLCs, with their respective residences, form part of our university community:

HOUSING AND RESIDENCE AFFAIRS

ON-CAMPUS RESIDENCES

Residence Accommodation: Junior/Senior Residences

Accommodation at the UFS will become your second home, and life in a student residence at the UFS can be a very exciting and rewarding experience. If you are accepted into one of our residences, you will benefit from a completely new world of friendships that can last a lifetime. There are many people from different language, racial, and cultural backgrounds on campus. Living and learning in this diverse environment can give you a definite advantage over many other jobseekers once you graduate.

Our residences are very popular, with a waiting list for applicants. Therefore, you should indicate on the application form for studies in 2020 if you want to secure a place.

The leadership in residence communities consists of a Residence Head, Prime, Residence Committee, and Peer Mentors. This leadership team creates a residence environment where every student feels welcome and inspired. All residence communities are driven by a set of shared values, which mediates a culture of mutual accountability.

First-year students are supported in their transition to higher education by means of a Peer Mentor system in residences. Each first-year student is allocated to a Peer Mentor who facilitates individual conversation as well as conversations in small-group format with students.

The accommodation agreement that you entered into with the UFS will, subject to other stipulations or regulations as approved by the Council from time to time, be binding for the full accommodation period. You, or your parent/guardian, or both, are responsible for the full accommodation fee for the accommodation period.

Contact details of junior and senior residences:

(Women) Monica Ramsoomar: +27 51 401 3455 or ramsoomarm@ufs.ac.za

(Men) Vanisher Khetha: +27 51 401 3562 or vkhetha@ufs.ac.za

Visit our residences at: <http://residences.ufs.ac.za> for more information.

CO-ED RESIDENCES

Co-ed residences are residence communities consisting of male and female students. Although male and female students both form part of co-ed residences, they stay in separate corridors with separate bathroom facilities. There is controlled access to blocks/pods and corridors.

*DAY RESIDENCES

A day residence is a residence that consists of students who live off-campus in private homes, student houses, townhouses, flats, rooms, etc. Students who are members of day residences must arrange their own accommodation off campus.

If you do not live on campus, a day residence gives you the opportunity to participate in organised student activities. It is very important to us that you have the opportunity to develop as a complete person by participating in academic and non-academic activities on campus. With day residences, you can participate in all activities offered in campus residences.

If you live off campus, you are free to decide whether you want to join one of the day residences or not. Each day residence has a gazellie (or a large lounge with a kitchen and bathroom) on the campus, where the residents have meetings, study, or simply socialise.

A residence head and a residence committee oversee each day residence. These people are responsible for managing day residences and seeing to it that all activities offered are taking place in line with the vision, mission, and values of the university.

APPLICATION FOR RESIDENCE ACCOMMODATION

TO BECOME A RESIDENT IN ONE OF THE CAMPUS RESIDENCES, YOU NEED TO:

- 1 Indicate on your application form for studies in 2020 that you require residence (on-campus) accommodation.
- 2 Keep your breakage deposit ready in case you are selected for placement in a residence (refer to the placement procedure on the application form).
- 3 Take note of the academic admission criteria for residences. Make sure that your admission point meets the criteria.
- 4 Indicate your involvement/achievement in leadership, culture, and sport.

When you become a Kovsie, we want you to feel that you belong to a circle of friends – people who support and inspire you to reach your full potential. This sense of belonging is facilitated through student communities.

PLACEMENT POLICY

It is very important to take note of the following academic requirements for junior residences on the:

BLOEMFONTEIN AND QWAQWA CAMPUSES:

- **Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee placement in a residence on campus, as limited space is available in each residence.**
- A minimum Grade 12 admission point of 30 is required for admission to a residence.
- Your academic merit is determined based on the most recent admission point as calculated by the university (whether Grade 11 or Grade 12 point).
- If you were admitted to a residence based on the Grade 11 point and the Grade 12 point is less than 30, your admission to a residence will be cancelled.
- If your current admission point (Grade 11 final results or Grade 12 June results) is less than 30, you can still apply for residence accommodation. You will qualify for admission to a residence (subject to availability) if your final Grade 12 admission point is 30 or more.
- If you are currently in the University Access Programme (UAP), you will qualify for admission to a residence if you pass all your modules.
- If you were registered at the UFS or another tertiary institution for the second or subsequent years, you must have passed at least 120 credits to qualify for admission to a residence. Current first-year students will qualify for admission to a residence based on their Grade 12 admission point.

SOUTH CAMPUS: ADMISSION TO A FULL-TIME PROGRAMME ON THE SOUTH CAMPUS

If you were provisionally admitted to a residence on the Bloemfontein Campus prior to your final Grade 12 results becoming available and your final results indicate that your studies encompass an extended curriculum programme on the South Campus, such provisional admission shall automatically be transferred to a residence on the South Campus.

Your admission is in all cases subject to you meeting the conditions pertaining to the aforementioned admission.

GENERAL ADMISSION REQUIREMENTS:

To place balanced students in residences, the highest level of achievement in respect of leadership, culture, and sport is taken into account and calculated as follows:

School level	=	4 points
Provincial	=	8 points
National	=	12 points
International	=	16 points

The application point is calculated by obtaining the total of the admission point (weighted at 2/3) and general admission point (weighted at 1/3).

ACCREDITED OFF-CAMPUS ACCOMMODATION

The safety and living conditions of our students are of great importance. Student accommodation is a significant aspect of the success of the UFS; consequently, good quality accommodation is important for each individual student to be successful in their studies. The accreditation process entails a list of primary requirements, drafted with the cognisance of the Mangaung Metropolitan Municipality in terms of off-campus accommodation to which private providers must adhere in order to be accredited by the university. The requirements are in line with the Policy on the Minimum Norms and Standards for Student Housing at Public Universities (Government Gazette 39238, dated 29 September 2015).

For the complete list of accredited student accommodation, visit <https://www.ufs.ac.za/residences/housing-and-residence-affairs/off-campus-accommodation/conditionally-accredited-service-providers>

STUDENT ASSOCIATIONS

Student associations are student communities focused on specific interests. Student associations are categorised as:

- Academic student associations
- Religious student associations
- Political student associations
- Charity-based student associations
- Cultural-based student associations

You can choose to participate in any association, based on your specific interests.

FACULTY ORGANISATIONS

Each faculty at the UFS have a faculty organisation for students within that specific faculty. The goal of faculty organisations is to create a student community that can support the learning, development, and success of students.

STUDENT LIFE PROGRAMMES

Do you want to experience the best of Kovsielife. Experience the joy, fun and wholesomeness of being a Kovsie student!

Student Life Programmes provide you with out-of-class experiences through various programmes and activities that can help you develop critical graduate attributes. The following Student Life Programmes are facilitated through Student Affairs:

- Leadership Development
- Social and Civic Responsibility
- Arts and Culture
- Career Services
- Student Wellness Programme
- Gateway First-year Orientation Programme
- Peer Mentor Programme
- Student Dialogues Programme
- Student Media

SPORT

FOR THE LOVE OF SPORT KOVSIESPOT

With **22 sporting codes** to choose from, the UFS is an important incubator for participants in team and individual sports. We have produced more than **80 national athletes**, of which 15 were world champions and/or participated in the Olympic and Paralympic Games. More than **100 Springbok** and Sevens rugby players studied with us, and UFS **netball** delivered three national captains during the past 15 years. We are also the national **tennis** champions for ten years running.

DID WE MENTION THAT WE ARE THE VARSITY CUP NETBALL CHAMPIONS 2018?

Our motto is 'Participate, become involved, become part, enjoy the fun of being a student'. KovieSport invites first-year students to become part of the proud tradition of sport at Kovies.

We offer the following to anyone who wants to participate in sports:

- Top-quality sport and coaches
- Opportunities to be selected for provincial teams
- Top-quality amenities
- Opportunity to compete at the highest level in the listed sport codes
- Recreational opportunities

CENTER FOR UNIVERSAL ACCESS AND DISABILITY SUPPORT CUADS

Enquiries: Martie Miranda +27 51 401 3713 | cuads@ufs.ac.za

The Center for Universal Access and Disability Support (CUADS) aims to ensure that the University of the Free State increasingly becomes a universally accessible higher-education institution which embraces and is welcoming to all students, including students with disabilities.

CUADS ASSISTS STUDENTS IN GAINING ACCESS TO:

- Study courses
- Buildings and classrooms on campus
- Learning material
- Residences
- Sporting activities
- South African Sign Language interpreting service for deaf, hard of hearing, and deafened students
- Computer facilities (the CUADS computer lab houses the latest assistive technology and software; alternative furniture and adapted hardware for physically-impaired and blind students)
- Specialised exam and test venues for alternative test and exam procedures

SPECIAL ARRANGEMENTS INCLUDE:

- Amanuensis during tests/exams.
- Application for extra time during tests/exams according to their specific impairment. (This is done via a formal process of testing and interviewing by a panel from Student Counselling and Development.)
- On request, tutors are arranged for students in cooperation with the A-step programme (existing tutor programme) on campus.

CUADS PROVIDES A SUPPORT SERVICE FOR THE FOLLOWING CATEGORIES OF STUDENTS WITH DISABILITIES:

- Specific learning difficulties (e.g. dyslexia, ADD/ADHD, hyperactivity).
- Mobility impaired (e.g. wheelchair users, amputees, cerebral palsy, muscle dystrophy, spina bifida, multiple sclerosis).
- Visually impaired – (e.g. blind, partially sighted, eye conditions). Students receive all their study material and textbooks according to the format of their choice, which includes:
 - Braille
 - Audio (material is read on a digital recorder)
 - Enlarged material
 - E-text
- Hearing impaired (deaf, hard of hearing, and deafened).
- Various psychosocial and other chronic conditions (e.g. schizophrenia, epilepsy, panic disorder).
- Temporary impairments (e.g. a broken hand).

Visit the centre on the Bloemfontein Campus in the SASOL Library (next to the Johannes Stegmann Gallery), on the South Campus in the Neville Alexander Library, Room D125, and on the Qwaqwa Campus in the Intsika Building, Room 2013 to make use of the services and support.

Application to study in 2020

Application to study at the UFS is **FREE**

In just seven steps you can fulfil your dream of studying at an institution where we transform lives and inspire excellence:

You can apply either **online** or in hard copy.

START YOUR ONLINE APPLICATION IMMEDIATELY BY SCANNING THE ABOVE QR-CODE.

1

STEP ONE
Apply **online**. Visit <https://apply.ufs.ac.za>

2

STEP TWO
Your application is submitted. You will receive a student number and acknowledgement of your application. If you have not submitted the required documents, you will be requested to do so in order to finalise your application.

3

STEP THREE
• Your application will be evaluated by the university. Should your evaluation be positive, you will receive an offer – **SUBJECT TO AVAILABILITY OF SPACE**. Selection programmes are excluded.
• If you have indicated in your application that you require on-campus residence, you will also receive correspondence from Housing and Residence Affairs.

4

STEP FOUR
You need to source and secure financial support for your studies.

Note that qualifying for your programme of choice, does not guarantee admission.

5

STEP FIVE
When the Grade 12 results are released in January, all applications will be re-evaluated and should your evaluation be positive, you will receive a final offer. **Note: Meeting the minimum admission requirements for your programme of choice, does not guarantee admission.**

6

STEP SIX
You have to complete the offer acceptance process online within the requested timeframe. If you fail to complete the offer acceptance process before the deadline, the offer will be withdrawn and you will lose your space. **Note that limited spaces are available.**

7

STEP SEVEN
You can move into the residence on campus in which you have been placed, or accommodation off-campus and begin academic activities, including orientation, academic advice and registration.

IMPORTANT APPLICATION OPENING DATES:

1 April 2019	Applications to study any undergraduate programme in 2020 offered on the Bloemfontein and Qwaqwa Campuses
1 September 2019	Applications to study any University Access Programme (UAP) in 2020 offered on the South Campus and the sub-regions

WHAT DO YOU NEED TO STUDY AT THE UNIVERSITY OF THE FREE STATE?

For degree studies at the University of the Free State, we expect that:

- You have an NSC or NCV with an endorsement that allows entrance to degree studies (Bachelor's degree) or an equivalent qualification.
- You meet all the minimum admission requirements for the programme you intend to study. **Meeting the minimum admission requirements for your chosen/intended programme of study, does not guarantee admission, as limited spaces are available in each programme.**
- You have a minimum level of 4 (50%) in the chosen UFS language of instruction: English or Afrikaans (only applicable to certain programmes).
- You must pass certain school subjects with a minimum level of achievement in order to take a certain university module. For example, you must get a mark of 70% for Mathematics in Grade 12 if you plan to study BSc majoring in Physics with Engineering subjects. Please refer to the section on the faculty-specific admission requirements, which also includes the respective compulsory subjects and achievement levels required per programme.

HOW DO YOU APPLY?

APPLICATION TO STUDY AT THE UFS IS FREE.

ONLINE APPLICATION: Visit <https://apply.ufs.ac.za>. Proceed through all the steps and submit your online application. Make sure that you complete the application form thoroughly, e.g. if you need on-campus residence accommodation or financial aid, indicate this in the relevant section.

Upload copies of the following in PDF or JPEG format when you apply for undergraduate studies:

- Your ID or passport
- Your parent's ID or passport if you are younger than 18
- National Senior Certificate if you already matriculated
- Your final Grade 11 results with the school's stamp
- Grade 12 June results with the school's stamp as soon as it becomes available. It can also be emailed to studentadmin@ufs.ac.za, especially if you have applied for a selection programme
- Your academic record, only if you are a current student at another institution of higher learning
- USAf accreditation from the examination board for South African universities. Apply to mb.usaf.ac.za for conditional exemption, foreign conditional exemption, or mature age conditional exemption.

The online application is quick and easy – no hassle, no fuss! It has an easy and modern design and is mobile and tablet-friendly. You can apply using any device. You can expect a quicker response time if you apply online.

HARD-COPY APPLICATION: Go to www.ufs.ac.za. Follow the link 'how to apply' and download the hard-copy application. Make sure that you complete the application form thoroughly, e.g. if you need accommodation or financial aid, indicate this in the relevant section. Sign the application and mail it with all the relevant certified documentation to: The Application Office, PO Box 339, Bloemfontein 9300.

Remember to include copies of:

- Your ID or passport
- Your parent's ID or passport if you are younger than 18
- National Senior Certificate if you already matriculated
- Your final Grade 11 results with the school's stamp
- Your Grade 12 June results with the school's stamp as soon as it becomes available. It can also be emailed to studentadmin@ufs.ac.za, especially if you have applied for a selection programme
- Your academic record, only if you are a current student at another institution of higher learning
- USAf accreditation from the examination board for South African universities. Apply to mb.usaf.ac.za for conditional exemption, foreign conditional exemption, or mature age conditional exemption.

ALWAYS WANTED TO BE A KOVSIE?

To become a student at the University of the Free State, you need to:

- Apply for two study options. If one option is a selection programme, we advise you to choose a non-selection programme as the second option, because space is limited;
- Be finally admitted with your Grade 12 NSC results;
- Register in time in the year of your studies.

IMPORTANT INFORMATION FOR ALL STUDENTS

- **Limited space:** Keep in mind that all programmes have limited space available; therefore, you are encouraged to apply as soon as possible to avoid disappointment. When we process your application for admission, we capture your details onto the UFS databases – if your details are not available, you will not be admitted or able to register. For this reason, it is very important to stick to the closing dates. *Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited space is available in each programme.*
- **National Senior Certificate:** If you already have a National Senior Certificate (NSC), you must include a copy with your application form.
- **Application:** Make sure that you complete the application properly and attach all the required documents. An incomplete application, as well as outstanding documents, will delay your application process. Make sure that you complete the application form thoroughly, e.g. if you need on-campus residence accommodation and/or financial aid, indicate this in the relevant section.
- **Transferring students:** If you transfer from another tertiary institution, you must include a certificate of conduct and an official study record from the previous tertiary institution with your application AND submit copies when you register.
 - **International students:** If you are from another country, you must attach your certified school-leaving certificate, diplomas, and proof of a conditional exemption certificate issued by the Matriculation Board, to your application. Apply to mb.usaf.ac.za for conditional exemption.

CONFIDENTIALITY CLAUSE

The UFS confirms that all personal information provided in your application form will be treated confidentially and will not be sold to a third party or used for commercial or related purposes.

The UFS further confirms that your personal information will only be used for purposes relating to your potential relationship with the UFS as a student, including but not limited to the processing of your application to study at the UFS, effecting registration at the UFS, and for any communication purposes related to your application and/or registration to study at the UFS.

ADMISSION TO STUDY AT THE UFS

Academic excellence is what the UFS is about – the higher your AP score, the better your chances of being chosen and finally admitted to study. Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee selection and admission, as all programmes have a limited number of spaces available. Applicants with the highest AP scores are chosen first, and the admission continues until all spaces have been filled. If you do not meet the minimum admission requirements for your intended/chosen programme of study, you will not be selected. Consult the faculty-specific admission requirements for all the programmes you qualify for and apply for the two programmes that best fit your personality, purpose, and passion.

You will be **CONDITIONALLY ADMITTED** based on your Grade 11 or equivalent results, subject to you meeting all the minimum requirements for the intended programme of study. Please note that conditional admission is not applicable to all the selection programmes in the Faculty of Health Sciences.

Your **FINAL ADMISSION** to the programme of your choice will depend on your final Grade 12 results. You will be notified immediately of the university's admission decision after your Grade 12 results have been released by the Department of Education. Therefore, it is your responsibility to ensure that your contact details are correct on your application form.

CALCULATION OF YOUR ADMISSION POINT (AP) SCORE:

It is important that you thoroughly study the admission requirements of the programmes you are interested in. The UFS calculates your AP score based on the NSC achievement scale. An AP score consisting of seven levels is used. Points will be awarded for six academic subjects (note: no points will be awarded for achievement levels lower than 30%). One point is awarded for Life Orientation from achievement level 5 (60%) or higher when calculating your AP score for admission purposes.

NSC LEVEL	UFS AP
7 (90%–100%)	8
7 (80%–89%)	7
6 (70%–79%)	6
5 (60%–69%)	5

NSC LEVEL	UFS AP
4 (50%–59%)	4
3 (40%–49%)	3
2 (30%–39%)	2
1 (0%–29%)	-

To calculate your AP, you can use the following example:

For five (5) academic subjects, you must obtain a level 5 (60%) $5 \times 5 = 25$
 For one (1) further academic subject, you must obtain a level 4 (50%) $1 \times 4 = 4$
 For Life Orientation, a level of 5 (60%) or higher to score 1 point $1 \times 1 = 1$
UFS overall AP score = 30

ARE YOU A TOP ACHIEVER?

If you have an AP score of 35 and above, you are a Top Achiever and qualify for a conditional admission offer linked to a merit award of a corresponding value to your AP score. This conditional offer excludes admission to selection programmes.

INTERNATIONAL STUDENTS APPLICATION AND ADMISSION REQUIREMENTS

The UFS uses the conversion table to help us consider all applications equally. If you are an international and/or home-schooled prospective student, use the conversion table below to calculate your AP (admission point). The table applies to all examination authorities/bodies in South Africa, and internationally. (Insert table here in landscape.)

For more information, visit mb.usaf.ac.za

IMPORTANT INFORMATION:

- A non-refundable annual administrative fee is charged on all international student accounts.
- Closing date for international students' applications for undergraduate studies is 31 August 2019.**
- You must have a VALID study visa before you can enter South Africa.
- Make sure your study visa is issued for study purposes at the UFS, and not at any other institution in South Africa. You must have a valid and appropriate/correct visa to be registered at the UFS.
- You must be a member of a medical aid registered in terms of the Medical Schemes Act 1998 of South Africa, as required by the South African Immigration Act. It is important that your medical aid cover MUST be valid for the duration of your studies at the UFS. No travel insurance, hospital plans or foreign medical aids will be accepted. For more information on registered medical aids, visit: <https://www.medicalschemes.com/MedicalSchemes.aspx>.
- An advance payment is payable before you can register as a UFS student. The Department of Student Finance will communicate the amount and payment deadline to you. For more information, visit <https://www.ufs.ac.za/kovsielife/unlisted-pages/tuition-fees/tuition-fees-30>
- If you have a scholarship, inform your sponsor of the UFS regulations on registration fees and tuition-fee payments before you register.

Some loans and bursaries do not pay out immediately and the delay can cause you stress and anxiety. To avoid the stress and anxiety about your finances, you are advised to source and secure funds when you apply for studies at the UFS to support yourself in terms of registration fees, books, meals, accommodation, transport, etc., while you wait for the bursary or loan to pay out. Don't wait till the last minute.

The University of the Free State offers the following bursaries for qualifying students:

ACADEMIC MERIT AWARDS FOR NEW FIRST-YEAR STUDENTS

The UFS has increased the academic merit awards for first-year students. You have worked really hard and the UFS values and acknowledges your effort. You can use your merit award allocation to register. If your merit award is less than the required registration fee, you will have to pay the balance in order to finalise your registration. **The university reserves the right to amend the regulations and award values and/or conditions applicable to the awarding thereof without prior notice.** If you qualify for an academic merit award, we will credit your class-fee account with the amount of the award after you register as a student at the University of the Free State.

THE FOLLOWING SCALE IS USED TO ALLOCATE AWARDS:

ADMISSION POINT	AWARD VALUE	NSC LEVEL OF ACHIEVEMENT	UFS ADMISSION POINT (AP)
35-37	R6 000	7 (90%-100%)	8
38-40	R10 000	7 (80%-89%)	7
41-43	R15 000	6 (70%-79%)	6
44+	R20 000	5 (60%-69%)	5
		4 (50%-59%)	4
		3 (40%-49%)	3
		2 (30%-39%)	2
		1 (0%-29%)	-

The award value is based on the formula used to calculate the admission point.

These awards are automatically awarded to new students based on their performance in the final matriculation examination. The award offer is subject to you meeting the minimum admission requirements of your programme of study and being registered at the UFS as a first-year student in 2020.

FIRST-YEAR STUDENTS WHO FIRST REGISTERED AT OTHER HIGHER-EDUCATION INSTITUTIONS

First-time entering first-year students who first registered at other higher-education institutions, discontinued their studies, and then register at the University of the Free State, will not qualify for academic merit award during their first year of study.

What does this mean? If you transfer to the UFS from another university, you cannot get an academic merit award based on your final Grade 12 results during your first year of study at the UFS.

INTERRUPTION OF STUDIES

To qualify for an academic merit award, a student must register at the University of the Free State as a student again. If there is an interruption of more than five (5) years between the last examination (matric or university) and the year in which the award must be awarded, the student does not qualify for an award.

What does this mean? If you interrupt your studies for more than five (5) years, you will lose the academic merit award.

DISCONTINUATION OF STUDY

If a student discontinues his/her course during the year, the award will be recovered pro rata.

What does this mean? If you have an award and stop studying, any credit balance on your UFS class-fee account (up to an amount equal to that of the award) will be taken away after you have discontinued your studies.

PAYMENT OF ACADEMIC MERIT AWARD

Students who qualify for an academic merit award will have the awarded amount credited to their tuition-fee account during registration at the UFS.

What does this mean? You will not get cash; the money will be paid into your student account at the UFS.

UNDERTAKING

The student undertakes to complete his/her degree studies at this university. If he/she does not complete the course, Council reserves the right to claim back the entire awarded amount or the part thereof that may already have been paid out. However, each case will be treated on merit. An award may be withdrawn at any time if the behaviour, diligence, or progress of the student is found to be unsatisfactory. If the examination results of a merit award recipient are such that he/she will have to repeat the studies of a full year/semester, the award will be regarded as a study loan and it will have to be paid back.

What does this mean? If you get an academic merit award from the UFS, you can only complete your studies at the UFS. If you don't complete the qualification, you may have to pay back all the money, or some of it. It depends on your specific situation. If you do not perform well academically, or behave badly, you may lose the award.

OCCASIONAL STUDIES

Students who register for occasional studies do not qualify for merit awards based on their academic achievement of the previous year or academic achievements during their occasional studies.

Terms and conditions apply.

BURSARIES FOR CULTURE, ART, AND LEADERSHIP

New first-year students: must apply before 15 February 2020 for the following bursaries for culture, art, and leadership. The application form is available at www.ufs.ac.za – follow the links: Apply – Financial Aid – Information. CENTRE FOR TEACHING AND LEARNING ACADEMIC ADVISING OFFICE

Advising is a way to connect students to the campus and help them feel that someone is looking out for them.”

George Kuh

To complete **phase two** of your registration process, you are required to visit an academic adviser when you arrive on campus at the beginning of 2020. The faculties, in collaboration with the Centre for Teaching and Learning, have dedicated academic advisers to help you understand better how your academic aspirations connect with your dream job. To help you along your way, we offer you three main types of advisers that can support and guide your academic success:

Peer advisers:

- Who are they? P3 mentors, Gateway Buddies, tutors, etc.
- How can they help you? Connect to campus and understand how to excel academically and socially

Faculty advisers:

- Who are they? Faculty managers, faculty academic advisers, and programme directors.
- How can they help you? They provide curriculum-specific advice and help you select and define your curriculum and majors (select modules)

Centre for Teaching and Learning advisers:

- Who are they? Advisers at CTL.
- How can they help you? They provide advice for students who have not yet decided on their final choice of study and help navigate your academic career in relation to your career dreams. They assist you to decide, commit to, and connect to the institution in order to get where you want to be.

These academic advisers help you make the right decision in selecting the curriculum that best fits your path towards earning your degree. This advice is your academic support and success lifeline while studying at the UFS and will keep you on track all the way to graduation!

ADVISERS ARE AVAILABLE TO:

- Provide you with information about your studies and your dream job;
- Connect you to student support services/programmes (i.e. UFS student support network);
- Help you develop and strengthen academic success skills; and
- Align your personal, academic, and career goals/aspirations.

The advising relationship between you and your adviser is a mutual relationship of trust and respect.

As a prospective student, it is important that you connect with an academic adviser as early as possible. How to connect with an academic adviser?

- Visit the faculty that you are interested in at <https://www.ufs.ac.za/templates/faculty-list>
- Send an email to advising@ufs.ac.za
- Like the *UFS Academic Advising page on Facebook*

HOW DOES THE UFS MAKE USE OF THE NBT RESULTS?

In three ways:

- We use it as part of the selection process for the Faculty of Health Sciences.
- If you apply to any of our other faculties, we use NBT results during the registration process.
- To place students in appropriate academic literacy development modules, where necessary.

Generally, as stated above, we use NBT performance levels to place first-year students into appropriate programmes or modules. If you did not pass the NBT Academic Literacy Test and want to study in English, you must register for one of the following academic literacy development modules in English: EALH/EALE/EALN/EALL 1508. The same applies if you want to study in Afrikaans (if offered in the relevant faculty) but did not pass the Academic Literacy Tests – in which case you must register for one of the academic literacy development courses in Afrikaans: AGAH/AGAM/ AGAL/AGAN/AGAE 1508.

These academic literacy development courses are not language courses. They teach you to read academic text efficiently and critically, while extracting the main ideas and key details. This skill will help you to adequately demonstrate your knowledge in tests and exams. It will also teach you to write academic essays and assignments. Overall, it will give you the confidence to perform at your best academically.

NB: If you have not written the NBTs yet, please register to write as soon as possible.

NBT'S

COMPULSORY NATIONAL BENCHMARK TESTS

NBT'S

WHAT ARE THE NBT'S?

Universities South Africa (USAf) initiated the NBTs, and several South African universities use the test(s) as part of their student placement processes. The first test is the Academic and Quantitative Literacy Test (AQL), and the second is the Mathematics Test (MAT). Each test takes three hours to complete and both tests are written on the same day.

IS IT COMPULSORY TO TAKE THE NBT TESTS?

Yes, all first-time entering undergraduate applicants to the University of the Free State must write the NBTs before registering, but preferably before the end of 2019.

MUST I WRITE BOTH TESTS?

It depends. ALL prospective students must write the AQL test. If you apply to the Faculty of Economic and Management Sciences, the Faculty of Natural and Agricultural Sciences, or the Faculty of Health Sciences, you must write both the AQL and MAT tests where required.

WHY WRITE THE NBT'S?

The level of academic reading and writing that you must be able to master at university is very different from what you are used to at school. If you lack this level of skills, you may have a hard time at university. But if we know what the level of your skills are, we can make sure that you enrol for the most appropriate modules and programmes in your first year. And that is what we use the NBTs for – to help us understand what skills you have, and what skills need to be developed.

HOW, WHEN, AND WHERE TO WRITE?

Registration for NBTs opens on 1 April 2019. You should write the NBTs while you are in Grade 12, before you register at the university. Visit www.nbt.ac.za for all the information you need. Once you have written the tests, you can use the results to apply at any university. The UFS only accepts NBT results, NO other admission tests will be considered

If you are applying to study MBChB in the Faculty of Health Sciences, you have to write the NBTs by the first weekend in July.

DISCLAIMER – IMPORTANT NOTICE

Kindly take note that this prospectus is aimed at prospective undergraduate students wishing to apply for a place at the University of the Free State (“UFS”) and whom wish to start their studies at the UFS during the 2020 academic year. The prospectus accordingly describes and outlines the programmes and services offered by the UFS, as well as the minimum admission requirements for each programme, but must be read with the policies, rules and regulations of the UFS (as may be amended from time to time). In order to be considered for selection for a programme, an applicant is required to comply with the programme’s minimum admission criteria in respect of the total AP score (APS), subject specific requirements (as determined per programme), and faculty/department’s specific requirements. However, due to limited space, fulfilling all the minimum entry (admission) requirements does not guarantee acceptance to study at the UFS, or entrance into any particular programme offered by the UFS.

The UFS makes every effort to ensure that the information provided in this prospectus is accurate and up-to-date at the time of going to press. However, it may be necessary for the UFS to make some changes to the information presented in the prospectus following publication – for example, where it is necessary to reflect changes in policy, practice or theory, or if an accrediting body necessitates requirements to be amended. Furthermore, certain programmes may only be offered if there is a sufficient number of applicants.

The UFS undertakes to take all reasonable steps to provide the services (including, but not limited to, presentation of the programmes) described in the prospectus. It does not, however, guarantee the provision of such services or the presentation of any or all programmes described herein. Should circumstances beyond the control of the UFS interfere with its ability to provide the services or presentation of any programme described herein, the UFS undertakes to use all reasonable steps to minimise any disruption to the services.

Furthermore, the UFS reserves its right to make amendments to admission requirements if and when necessary. It reserves the right to withdraw, wholly or in part, the delivery of programmes. Applicants for, and students in programmes affected, will be informed in advance of the commencement of their studies for the academic year concerned.

Against the background of our mission to be a dynamic, innovative, and quality-driven faculty, the Faculty of Economic and Management Sciences covers a diverse academic spectrum, from public and private sector management to specialised training for accountants on undergraduate level, and aims to provide relevant, market-driven capacity and competence through, inter alia, research.

You can obtain first-degree qualifications in one of three teaching programmes: Private Sector Management, Public Sector Management, and Training of Accountants. These qualifications aim to develop your intellectual skills through scientific teaching and learning so that you will be thoroughly prepared for various careers in the broad field of Economics and Management. Furthermore, the faculty offers successful international programmes for both staff and students.

EDUCATION

**FACULTY OF
EDUCATION**

The Faculty of Education educates teachers in several disciplines. Our primary focus is to prepare you as pre-service teachers for your work in schools, ensuring that you have a strong disciplinary base for your professional work. In our undergraduate Bachelor of Education degree (offered in Pre-school/Foundation, Intermediate, and FET phases), you are prepared to be teachers in primary and secondary schools. The key teaching and learning principle of the programme is reflection, with an emphasis on instructing prospective teachers about teaching as opposed to teaching them only how to teach.

The primary purpose of a Humanities education is to give you access to critical thinking skills, appreciation of literature, understanding of cultures, the uses of power, the mysteries of the mind, the organisation of societies, the complexities of leadership, the art of communication, and the challenge of change. All of these skills will support you in your future career. A qualification in the Humanities is therefore well respected all over the world. People with this type of qualification form the backbone of society.

The Faculty of the Humanities encompasses a great variety of academic options that vary in disciplines, including Languages, the Arts, Human Sciences, Social Sciences, and Cultural Sciences. This makes it possible for you to compile a degree programme suitable for your career choice, interests, and aptitudes.

Certain programmes were developed to train you for a specific career, while others equip you with skills needed for various positions. Today's ever-changing career world requires various skills that this faculty can equip you with, including: language proficiency, communication skills, creativity, interpersonal skills, problem-solving skills, computer literacy, and critical thinking.

The Faculty of Law is among the best in the country. Its location in the judicial capital, Bloemfontein, exposes Law students to the practice of law in both the lower and higher divisions of the courts. Close ties with the profession allow the faculty to share the expertise of judges and legal practitioners with students. The faculty is proud of its high academic standards and its commitment to the constant improvement of its programmes.

The Faculty of Law is committed to excellence in teaching and to delivering jurists with qualifications of international renown to the profession. Legal education will open doors to a wide variety of career opportunities, including the advocates' profession, attorneys' profession, legal advising, labour consulting, prosecuting, magistrates' profession, and positions in the insurance and banking industries.

The faculty is known for outstanding and relevant research and is also involved with community projects in which the UFS Law Clinic and several centres in the faculty play a major role.

The faculty enjoys close ties with several international law schools and law faculties, especially in Britain, Europe, and the USA. The faculty offers the LLB programme through residential learning.

Notwithstanding this, you can – at the recommendation of the Dean, be admitted to the first year of study in the Extended Curriculum Programme for the LLB (study code 3303) if you are:

- Firstly, in possession of an endorsed:
 - National Senior Certificate with an AP score of 25-27 points, and have successfully completed at least the first year of study of an Extended Curriculum Programme in another faculty without failing any module or
 - Senior Certificate (until 2007) with an M-score of 24-27 and have successfully completed at least the first year of study of an Extended Curriculum Programme in another faculty without failing any module.
- Secondly, have an M-score of less than 24 points or an AP score of less than 25 points, and have successfully completed the entire University Access Programme (UAP) with a final mark of 70% per module.
- Language of instruction includes English home language, Afrikaans home language, English first additional language, and Afrikaans first additional language in Grade 12.

The Faculty of Natural and Agricultural Sciences is a vibrant faculty attracting both national and international students due to its stimulating curriculum and exciting research agenda. We are an engaged faculty whose interactions with its community are integrated with research and teaching.

The faculty is divided into the following broad areas of training and research:

Natural Sciences · Agricultural Sciences · Building Sciences

NOTES:
Students need to pass modules in the first semester of study according to the faculty rules and regulations in order to continue with studies in the second semester.

NATURAL SCIENCES

Here, the frontiers of knowledge are constantly shifted through fundamental research and new technology developed in support of our efforts to stay in step with the challenges of an ever-changing world. Our expertise in the Natural Sciences includes Mathematics, Mathematical Statistics, Actuarial Science, Chemistry, Physics, Geography, Geology, Biological Science, Information Technology, and Consumer Science. We are leaders in material, nano, and polymer science, and carry out work on photoluminescence, quantum dot synthesis, and astrophysics.

BUILDING SCIENCES

The Department of Architecture is underpinned by the critical need for making space. The school embraces a scholarly milieu for exploring the integrated aspects of the human ecological landscape (social, environmental, cultural, and historical ecologies) and consequently promotes architecture that is addressing current aspects of sustainability, meaning, and poetics. The department's approach to the human ecological landscape is critical rather than normative, investigative rather than prescriptive, and process-orientated rather than result-motivated. You are encouraged to investigate this multi-dimensional character of architecture in view of the different interrelationships between man (both as an individual and social being), the environment (natural and man-made), culture (local as well as universal), and time (historical and contemporary). Through these different ecological interrelationships, regular design principles and form-giving elements are identified that prepare you for local and international design.

The Department of Quantity Surveying and Construction Management aims to develop, by means of dynamic scientific education, independent and critically-thinking graduates who will become leaders in their field. Over the past few years, the department has made significant contributions to the various professions and to the construction industry as a whole.

The faculty is the only institution in central South Africa that offers fully-fledged, all-inclusive theological education to train students for a professional career in ministry. It offers training in all theological disciplines, starting at undergraduate level. The faculty embraces values that encourage cultural, gender, and ethnic inclusivity, promote academic and intellectual excellence, innovation, support, as well as spiritual and ethical integrity. It also strives to establish a sense of community and hospitality within all the spheres of faculty activities. The Faculty of Theology and Religion delivers a unique national and international contribution to the development of the church, society, and the academic environment. This is achieved through quality theological education and specialist research based on dedicated theological teaching and a solid research framework.

Couldn't get university admission? It does not have to be the end of the road for you. Do you have an AP of at least 18? In that case, you can get access to a variety of programmes if you meet the minimum requirements of the University Access Programme (UAP), which includes the University Preparation Programmes (UPP), Higher Certificates in Economic and Management Sciences, and Higher Certificate in the Humanities. The programme provides you with an opportunity to access to degree studies at higher-education institutions after successful completion of an access year.

WHAT IS THE UAP?

We introduced this programme to assist many deserving students who do not meet our admission requirements. There are various study options:

- Higher Certificate in Economic and Management Sciences (Commerce)
- Higher Certificate in Economic and Management Sciences (Administration)
- Higher Certificate in the Humanities
- University Preparation Programme in Economic and Management Sciences (Oudtshoorn only)
- University Preparation Programme in Human and Social Sciences (Oudtshoorn only)
- University Preparation Programme in Natural Sciences (South Campus only)
- University Preparation Programme in Agricultural Sciences (South Campus only)
- University Preparation Programme in Education (South Campus and Oudtshoorn only)

If you complete any of the above options successfully, you can get access to almost any mainstream programme – if you meet the specific admission requirements of that programme. During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher-education studies. In the Skills and Competencies in Lifelong Learning course, you will learn skills to help you with problem-solving, self-assertiveness, and other generic competencies. An Academic Literacy course will also improve your academic reading and writing skills.

WHO MAY PARTICIPATE IN THE PROGRAMME?

It is an open facility that welcomes all applicants who could not obtain access to a higher-education institution, including the University of the Free State.

All students: Applications open on 1 September 2019
International students: Applications close on 30 October 2019
SA students: Applications close on 30 November 2019

**THE PROGRAMMES ARE PRESENTED AT THE FOLLOWING SITES
(OPTION AVAILABILITY VARIES FROM SITE TO SITE):**

- Bloemfontein South Campus
- Goldfields TVET College in Welkom
- Motheo TVET College in Bloemfontein
- South Cape TVET College in Oudtshoorn (only UPP options available)
- Flavius Mareka TVET College in Sasolburg
- Maluti TVET College, Bethlehem Campus
- Maluti TVET College (Phuthaditjhaba), Kwetlisong Campus

GENERAL MINIMUM ADMISSION REQUIREMENTS:

- A National Senior Certificate (NSC) or National Certificate: Vocational (NCV) Level 4, and an AP of either 18 for Higher Certificates, or 20 for UAP study options.
- Four subjects on level 3 (40%–49%).
- Language of instruction on level 3 (40%) for all options.

FACULTY-SPECIFIC ADMISSION REQUIREMENTS:

Economic and Management Sciences:

- BCom study option: Mathematics on level 3 (40%) or higher.
- BAdmin study option: Mathematics is not a requirement to study this option. The duration of the course is four years. NB: You will not be allowed to change from an Administration to a Commerce programme.

Natural Sciences:

- Mathematics on level 3 (40%) or higher; and
- Life Sciences on level 3 (40%) or higher; or
- Physical Sciences on level 3 (40%) or higher

Agricultural Sciences (BAgric):

- Mathematics on level 2 (30%) or higher; or
- Mathematical Literacy on level 5 (60%) or higher

FACILITY FOR ONLINE CREDIT-CARD PAYMENTS

See www.ufs.ac.za and follow the links: Students – Student Finance – Online Credit Card Payments.

Proof of payment: Fax to +27 51 401 3579 or e-mail to tuitionfees@ufs.ac.za

FEES PAYABLE

All university fees are determined by the Council, who may amend it at any time. The amended amount will be payable on request. Fees are payable in full, irrespective of whether any services rendered by the university are disrupted by circumstances beyond the university’s control, such as strikes, student boycotts, public unrest or any other disruption on campus.

All other fees are payable no later than the end of the month following the month in which the transaction took place, as indicated on the account statement, unless specifically stipulated otherwise in the regulations.

PAYMENT DATES:

PAYMENT DATES FOR SOUTH AFRICAN STUDENTS:
PAYMENT DATES FOR INTERNATIONAL STUDENTS:

Tuition and residence fees are calculated per semester. All fees must be paid regardless of whether or not an account was received. Official account statements are emailed to your UFS4LIFE email address. It is your responsibility to forward the account to the payer and to enquire should you not receive an account at that email address.

FIRST SEMESTER: all fees for the first semester are payable on/before **31 March**.

SECOND SEMESTER: all fees for the second semester are payable on/before **31 August**.

FIRST SEMESTER: all fees for the first semester are payable on/before **31 March**.

SECOND SEMESTER: all fees for the second semester are payable on/before **30 June**, regardless of any other date which may appear on account statements.

ERRORS OR OMISSIONS:

Although the information contained in the prospectus has been compiled as carefully as possible, the Council and Senate accept no responsibility for any errors or omissions.

For the complete Fees Yearbook, visit the website www.ufs.ac.za and follow the links: Students – Student Finance – Student Fees Yearbook

DISCOUNT ON EARLY PAYMENTS (SA STUDENTS ONLY)

Discount is given on early payment of tuition-fee accounts. Standard discount is given annually and is as follows:

- 5% when all fees for the **whole year is paid before 28 February**
- 2½% when all **first-semester fees are paid before 28 February**

Discounts are not given automatically. You must apply for discounts in writing. Discounts are only given on module and accommodation fees charged. If you receive any form of financial aid from the UFS on tuition and/or accommodation fees, you do not qualify to claim this discount.

BURSARIES AND LOANS:

IMPORTANT: If you have a bursary or loan, it is your responsibility to ensure that the bursary donors make payments on time and in accordance with university regulations. You must make sure that you provide your sponsors with the correct details of your account.

PAYMENTS PRIOR TO REGISTRATION

Visit www.ufs.ac.za and follow the links: Students – Student Finance – Payments prior to registration, to view the amounts that must be paid before you register in 2020.

1ST SEMESTER:
Registration for first-semester and year modules takes place during January to February.

First payments must be made **five (5) working days** before you register. You will not be able to register until these amounts reflect as credits on your tuition-fee accounts. If your tuition fees are less than the amounts required, you must pay the full tuition amount.

2ND SEMESTER:
Registration for second-semester modules takes place in July.

SOUTH AFRICAN STUDENTS:
Payments prior to registration for the second semester are the same as for the first semester.

INTERNATIONAL STUDENTS:
International students must pay all fees for the second semester in advance before registration can take place.

STUDENTS RECEIVING FINANCIAL AID (SA STUDENTS ONLY)

If you receive financial aid (bursary/loan), and the bursary or loan covers all fees for the year, the amount payable before registration will be reduced by the amount of the financial aid. If your bursary or loan does not cover all fees for the year, **you must still make the prepayment before you register.**

Please fax proof of your bursaries/loans to +27 51 401 3579 **five (5) working days** before you register. You must bring the original proof of your bursary/loan with you when you register.

ESTIMATED PROGRAMME COSTS

- The cost per programme is the average cost per year.
- Tuition fees are charged per module.
- Programme prices vary according to the modules registered for.
- Prices quoted are for SA and SADC students.
- International non-SADC students pay the actual module price + 50%.

For the estimated costs, visit www.ufs.ac.za and follow the links: Students – Student Finance – Student Fees Yearbook, or get an online quotation at Students – Student Finance – Quotation.

The above programme/tuition-fee estimates are only guidelines to enable you to plan the cost of study for your first year. **These estimates EXCLUDE other expenses, e.g. food, uniforms, textbooks, study material, stationery, accommodation, travelling, etc. Also note that these programme prices are 2019 prices and are subject to change.**

NOTES AND STUDY MATERIAL

Study material/notes are automatically prepared when you register and is charged accordingly. It is your responsibility to collect the study material. If you cancel/discontinue any of the modules, you will not be refunded for the notes.

BOOKS

Money for books can be paid into a separate account in advance. The amount paid will be transferred to your student card. At the end of each academic year, the credits available on your student card will automatically be transferred to your tuition-fees account.

STUDENT CARD

You will receive a student card when you produce proof of your registration. Your student card is your key to all kinds of services, events and access to facilities on campus at the UFS. It is your official university identification, and as a student or employee, you must carry it with you whenever you are on campus. Your electronic student card is for your use only; nobody else may use it. Your personal details are associated with your card and are unique to your card. Your first card will be issued free of charge. A fee is payable to replace a lost, stolen or damaged card.

ACCOMMODATION COSTS

You or your parent/guardian or both are responsible for the full accommodation fee for the accommodation period. Tariffs for accommodation in the different residences and living units are available on request. Contact Housing and Residence Affairs on +27 51 401 3455/3562 or visit www.ufs.ac.za and follow the links Students – Residences. **NB: Residential students must familiarise themselves with all policies regarding accommodation.**

BREAKAGE DEPOSIT

When you accept the accommodation offer, you must pay the breakage deposit.

RULES REGARDING DEPOSITS

You will forfeit the deposit you paid if accommodation has been allocated to you and a place has thus been reserved for you, when you:

- do not show up, or
- cancel your place after 31 December.

The breakage deposit may be used at the sole discretion of the university to recover any contingencies resulting in costs, losses, damages, penalties, etc.

The breakage deposit will ONLY be refunded if you:

- do not comply with admission requirements;
- are not selected for a specific course;
- pass away;
- submit a satisfactory medical certificate as motivation for cancellation;
- leave at the end of the accommodation term. The breakage deposit will be transferred to your tuition-fees account, and if this results in a credit on the account, the credit may be paid out on request.

ACCOMMODATION COSTS IN CASE OF CANCELLATION OF STUDIES

First-year students: If you stay in a residence and cancel your accommodation during the first term of the academic year, you will be responsible for accommodation fees up to the date of cancellation. If you cancel your accommodation during the second, third or fourth terms, you will be responsible for the full accommodation fee for the term in which the cancellation is submitted.

MEAL FEES AND SYSTEM

- Paid meals are offered in the dining halls of Soetdoring and Roosmaryn as well as Vishuis Café on a cafeteria basis; you do not need to reserve meals in advance.
- You can deposit money for meals, which will be credited to your student card within 48 hours. There is no fixed amount payable; it depends on your budget.
- At the end of each academic year, the credit available on your student card will automatically be transferred to your tuition-fees account.

Enquiries: Student Card Offices: +27 51 401 2799/3337 | tuitionfees@ufs.ac.za

FAMILY DISCOUNT ON TUITION AND/OR ACCOMMODATION FEES

If three or more students who are dependents from the same family (children, stepchildren, adopted children, but excluding children-in-law or married children) study at the university and/or stay in university residences at the same time, the following discount will be granted on the amount payable for residing in a UFS residence, and on modules the students are registered for:

- Three students: 10%
- Four or more students: 15%

Discounts will be granted on the following conditions:

- A discount may only be claimed for full-time undergraduate SA students.
- All dependents must be under the age of 26.
- Students receiving any form of financial aid for tuition and/or accommodation fees do not qualify for this discount.
- The discount will be recalculated if one or more of the students discontinue their studies or leave the residence.
- Family discounts are not given automatically. You must apply for family discount in writing and must present evidence of relationships. The full particulars of the students concerned must be submitted.
- A discount may only be claimed for the current academic year.
- Family discount will only be given on module and accommodation fees.

LIABILITIES

UFS 2020

ACCIDENTS

As the university only insures its own risks, it cannot be held liable for accidents that happen to students. It is therefore recommended that students take out personal accident insurance.

DAMAGE TO STUDENTS' PERSONAL POSSESSIONS

The university cannot be held liable for loss or damage to students' personal possessions. Residence students also leave their possessions at their own risk in the residences during the holidays. It is therefore recommended that students insure their possessions. Protect yourself and the property of the university. Any damage and/or theft must be reported to the Protection Services Division. Distinguish between fun and crime and respect other people's property.

VEHICLES ON CAMPUS

It is recommended that students keeping vehicles on campus should take out SASRIA (riot insurance). All students and members of the public who wish to use the roads on campus should purchase an access disk issued by the Protection Services Division of the university. The disc must be displayed on the windscreen.

If you do not have an access permit, you could receive a traffic fine. People using the roads on the university campus or park on the campus do so at their own risk and the university does not accept responsibility for any accident, loss or damage. Any damage or theft must be reported to the Security Services Division.

GLOSSARY

- **University** - An institution of advanced study and research in the arts and sciences where the highest possible academic qualification can be obtained.
- **Chancellor** - The Chancellor is the ceremonial head of the university and is generally a prominent figure in society. Our Chancellor is Dr Khotso Mokhele.
- **Rector and Vice-Chancellor** - The Rector is the Chief Executive Officer of the university, with Vice-Rectors supporting him. Prof Francis Petersen is our Rector and Vice-Chancellor.
- **University Council** - The University Council is the highest decision-making body of the university. The Council consists of representatives of the university, the Student Representative Council (SRC), church and community representatives, prominent business people, and individuals appointed by the government.
- **Faculty** - The students, lecturers, researchers, and management of a group of departments (in a broad sense) working in the same field of study, form a faculty. The head of a faculty is called a Dean and resides on the Bloemfontein Campus.
- **Department** - The students, lecturers, research, and management activities in a specific field of study form a department. At the head of a department, we find the departmental head or departmental chairperson. For undergraduate courses, you will be required to attend classes in various departments, while postgraduate studies are generally undertaken in a single department.
- **Professor** - A person who has distinguished himself/herself as an expert in a specific field of study.
- **Lecturer** - The name assigned to a person who presents classes to students. Each department has a number of lecturers who are experts in specific fields of study and who are attached full time to the university. Lecturing staff are addressed in terms of their titles.
- **Kovsie** - The historical word 'Kovsie' is the nickname given to students at the UFS. This is also the general name used for referring to the UFS.
- **Degree** - An academic achievement that provides evidence that you are academically competent in a specific field of study so that you may embark upon a career or careers related to this field. Undergraduate refers to students who are studying for the first degree, while the term postgraduate refers to students engaged in a study field where they have already obtained a degree. For example, the term degree could denote a BA degree (Baccalaureus Artium/Bachelor of Arts), a BCom degree (Baccalaureus Commercii/Bachelor of Commerce), or a BSc degree (Baccalaureus Scientiae/Bachelor of Science). The minimum period of study for an undergraduate bachelor's degree is generally three or four years. This is followed by an honours degree (generally one or two years) or a master's degree (one or more years), and finally a doctorate (generally two years or longer). Some degrees lead directly into certain professions, while other degrees provide general preparation for a variety of careers. A general BCom degree will equip you with the necessary economic and management knowledge so that, for example, you may apply for a position as a manager in a company.
- **Module** - A module refers to specific fields of study within a discipline. For example, Financial Management is one of several modules in the field of study known as Business Management.
- **The Academic Calendar** - An academic year consists of two semesters. The first semester usually commences in February, and the second semester by the end of July. In between, there is generally a holiday of approximately three weeks. The second semester is concluded at the end of November. Undergraduate students write an examination at the end of each semester. For postgraduate studies, much more self-study and research are expected from students.
